

SPECIAL PRESENTATION

FirstNet & 5G Communications

Technology, Applications, and Amateur Radio Support of Public Safety

ANDREWSEYBOLD.com

Saturday, June 1st, 11:30 a.m.

The Yavapai Amateur Radio Club invites you to hear **Andrew Seybold, W6AMS**, the well known Public Safety Advocate speak about the latest and most rapidly developing communications technology today. Andy will provide information on where this capability fits in our spectrum, why it is a significant leap forward in high-speed communications technology, and how it impacts the way Amateur Radio can interface with Emergency Management and Public Safety Agencies.

The ARRL 2019 AZ State Amateur Radio Convention
will be held at

Embry-Riddle Aeronautical University, Prescott, AZ
Friday, May 31st and Saturday, June 1st

<http://hamfest.W7YRC.org>

 **This will be an educational session worth attending** 

A special invitation is being issued to individuals in Emergency Management and Public Safety Agencies (DPS, Sheriff, Police, Fire, EMS, and Tribal Safety), including their communications support organizations, to attend this presentation as our guests. Interested individuals should contact Jim Fortney, K6IYK, by email at K6IYK@K6IYK.net in advance to receive Complementary Tickets.
